

Andy Morecraft

Andy Morecraft, PE is a vice president and client account manager for Kleinfelder in the Tampa, Florida office. Andy has over 35 years of consulting experience and has held progressively senior leadership positions primarily focused on pipeline and oil and gas clients. Andy is responsible for managing pipeline accounts with a focus on the southeast region. His areas of expertise include site civil and pipeline engineering, pipeline permitting, and hazardous waste assessment/remediation.

Andy received a bachelor's degree in Civil Engineering from the University of Delaware and a Master of Engineering from Penn State. He is a licensed professional engineer (PE) in Florida and other southeast states. He also represents Kleinfelder/GTS as a board member for the INGAA Foundation and is a member of the board of directors for the Atlanta Pipeliner's Club.

Kleinfelder has been connecting great people to the best work since 1961. We are a responsive team of engineers, scientists, and construction professionals providing solutions that improve our clients' transportation, water, energy, and other private infrastructure. Our ecosystem mindset facilitates collaboration, harnessing the collective ingenuity of Kleinfelder and our partners, to deliver the right solutions to our clients, every day, on every project.
