

Peter Kerrigan, Sabal Trail Transmission

Peter Kerrigan is currently Sabal Trail Transmission, LLC's (Sabal Trail) Area Manager overseeing the operations of the pipeline and facilities in Alabama, Georgia and Florida. Sabal Trail, a joint venture partnership consisting of Enbridge, NextEra Energy, Inc. and Duke Energy, is an approximately 515-Mile interstate natural gas pipeline with five Compressor Stations that provides transportation services for power generation needs to FLP and Duke Energy.

Peter has 29 years of operational experience in the natural gas industry. Most recently was involved building and commissioning the new Sabal Trail System and operations team. Sabal Trail recently completed and commissioned Phase 2, which consists of a new Compressor Station in Albany GA and Dunnellon FL. He also has held project management and operational leadership roles in the Northeast prior to relocating to Florida.

Peter holds an Engineering Degree from Wentworth Institute in Boston Ma.
