

Rob Wilson

Robert Wilson has extensive professional experience in legislative affairs and association management.

Over the past 25 years, he has successfully managed regulatory and legislative initiatives in Nebraska, Colorado, Kansas, New Mexico, Arizona, Illinois, Iowa, Minnesota and Florida. Wilson has also served on the executive teams of two major natural gas pipelines, a natural gas local distribution company and a public power district.

His professional experience includes working on several energy pipeline construction projects, from their conception to completion. His work in the energy sector also includes regular interaction with local, state and federal security and emergency response professionals.

His work with association clients includes all phases of event management, membership recruitment/retention program development, member communication audits & improvements, cost analysis/measurement and strategic planning.

Wilson is a graduate of the University of Nebraska/Omaha with an undergraduate and Master's Degree in Public Administration.

Professional activities include:

- Executive Director, Florida Energy Pipeline Association
- Co-Chair, Florida Department of Law Enforcement, Region 2 Domestic Security Task Force
- President, Board of Directors, Big Bend Clean Cities Coalition
- Florida Society of Association Executives
- Past Chairman, Finance Committee, Florida Green Building Coalition
- Former Member, Board of Directors, Florida Green Building Coalition
