

## **Shawn Deutscher**

Shawn Deutscher is the Operations Manager for Gulfstream Natural Gas System and has over 20 years' experience in the natural gas transmission industry. Gulfstream is a 745-mile high pressure natural gas transmission pipeline that originates in Coden, AL and crosses the Gulf of Mexico to serve the Florida Market. With extensive access to diverse natural gas supply sources, Gulfstream delivers 1.3 Bcf/Day to the growing Florida market. Customers include electric power generation facilities, industrial, and local distribution customers.
