

Vincent Driscoll is a Safety & Health Specialist for The Williams Companies. He is responsible for overseeing all employee safety activities in the Gulf Coast region which includes Alabama, Florida (Gulfstream), and the Gulf of Mexico. Facility assets include DOT pipelines, Compressor stations, PSM facilities, and Offshore facilities.

He is responsible for leading safety initiatives, implementing strategies to achieve zero incident and driving a culture of safety awareness and responsibility.

Vincent Driscoll started his career with Williams in 1999 as a Process Safety Management (PSM) Coordinator. He is a Certified Safety Professional (CSP) and holds several safety certifications. He is also an Authorized Trainer in the OSHA Outreach Training Program for Construction and General Industry (10 and 30 hour). Vincent Driscoll is a member of the National Safety Council and American Society of Safety Professionals (ASSP).
